Tokio, Feb. 9.—Vice-President Takahashi, of the Bank of Japan, will leave for America and England via Vancouver, February 17th to hold preliminary conferences with financiers of those countries regarding terms of a fourth domestic loan. St. Petersburg, Feb. 9.—Minister Souverin, editor of the Novoe Vremy in a pessimistic review of the first year of the war in today's issue of his paper attributes the responsibility for the Russian disasters first to Foreign Minister Lamsdorff, former Viceroy Alexiff and Baron Rosen, late Russian minister to Russian minister to Japan, whom he accuses of drawing Russia into a terrible war by complete ignorance of the true state of affairs in the far east. Mr. Souverin declares the reason for the fall of Port Arthur before the complete exhaustion of its means of resistance was the death of Major General Kondratenko "who was the real hero of the defense of the fortress and who filled both the civil and military men with courage while Lieutenant General Stoessel only manifested civil courage.

Paris Feb. 9.—A dispatch to the Matin from St. Petersburg, says finance Minister Kokovsoff in the course of an interview, said German firms had been given Russian military contracts in preference to French firms whose bids were considerably lower. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumptions, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough, or cold. It Saved His Life After the Doctor Said He Had Consumption.

W. R. Davis, Vissalia, California, writes: "There is no doubt but what Foley's Honey and Tar saved my life. I had an awful cough on my lungs and the doctor told me I had consumption. I commenced taking Foley's Honey and Tar and found relief from the first and three bottles cured me completely."

A Policeman's Testimony.

J. N. Patterson, night policeman, of Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least a half-dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world."
